Message from Board of Directors Chair

It is a privilege to Chair Hospice Kingston's Board of Directors. I am pleased to present Hospice Kingston's 2019-2020 Annual Report.

For 35 years, dedicated and compassionate volunteers and professional staff have provided comfort, support and companionship to individuals with life-limiting illness, their families and caregivers, and those affected by grief and loss. Hospice Kingston is proud of its past and determined about the future. Hospice Kingston is realizing its long-term goal to build Kingston's first 10-bed Hospice Residence & Palliative Care Centre.

The Hospice Residence & Palliative Care Centre will be situated on a 1.67-acre parcel of land at Providence Village, located the Sisters of Providence of St. Vincent de Paul property, at 1200 Princess Street. It will transform existing community hospice services to meet the diverse needs of our population.

We are moving forward with enhancing our programs, services and partnerships and finalizing detailed plans for the new Centre. Architectural renderings for the Hospice Residence are developed. Construction of the Hospice Residence & Palliative Care Centre will commence in spring 2021 with an anticipated opening of fall 2022.

We look forward to celebrating many milestones and successes with you as we Create a Place of Compassion and Care.

Thank you to everyone who makes Hospice Kingston such a caring and compassionate organization. I invite you to learn more about our programs and services and to help us reach our operational and capital goals.

COMPASSIONATE CARE THAT CELEBRATES LIFE

Our Vision

Together with our community we will be a recognized leader providing excellence in hospice palliative care to help the dying live well and die well while supporting their families.

Our Mission

Hospice Kingston's mission is to provide compassionate care for persons with life-limiting illness, at end-of-life, and persons affected by grief and loss. Our goal of care is focused on comfort and is neither to prolong life nor to hasten death.

Our Values

Comfort

We aim to lessen pain and suffering in a caring environment.

Respect

We embrace diversity and personal choice, and value all cultures and faiths.

Compassion

We show understanding and kindness toward everyone with whom we engage.

Collaboration and Partnerships

We engage and work with others to achieve person and family-centred care.

Excellence

We strive to learn, to improve, develop and implement best practices in the delivery of quality care.

Accountability

We foster trust in our community by being accountable for the use of resources and responsive to our community's needs.

Volunteerism

We honour, respect and support our volunteers to enrich their experience and the lives they touch.

94% believe compassionate and caring palliative care **improves quality of life***

Message from Capital Campaign Chair

It is an honour to Chair Hospice Kingston's Capital Campaign to build Kingston's first Hospice Residence & Palliative Care Centre.

The Campaign Cabinet is very pleased to share that over \$11.3+ million of the \$12 million Campaign goal has been raised to-date. The financial goal includes the building of the new structure, furnishings, fixtures, medical equipment and one year partial operating expenses.

We are very grateful to have received \$9.8+ million from the generosity of our community through major gifts, bequests, in-memoriam donations and support from Corporations, Foundations and Service Clubs as well through several Campaign events.

Please join us and give generously to build a new home with a human touch for the living and the dying in our community.

**Day Wellness
Music Therapy**

“ Throughout my career I had the opportunity to work with people undergoing adverse health experiences. To help these people was gratifying and fulfilling. When I retired and moved to Kingston, I knew I needed a sense of purpose. I have always been passionate about the significant value of hospice care, so I felt it very fitting to start volunteering with Hospice Kingston. Following our Day Wellness Sessions, I reflect on the comradery, the kindness, the laughter, the sharing of the good and bad, the support, the love and the friendships that have developed between the clients, their families, Carole our facilitator and the volunteers. Each week I am reminded of the rewards and the gift of sharing time with our clients. I am honoured to have this role.”

**Brenda Whitney
Day Wellness Volunteer**

“ I vividly remember the moment back in 1987 when Hospice Kingston won my heart--the happy surprise on my last visit to my friend WJ, who was bed-ridden in his Kingston living room dying of cancer--to discover volunteers there, quietly providing support, comfort and dignity to him and his family during his final days. Since then HK has grown me and multiplied my “chosen family”. I've discovered that I love being that volunteer, bringing what I can... sometimes music, a bit of my own story, or just an attentive ear...my caring.”

Martin Hankes-Drielsma, Volunteer

*In memory of Alan McNabb Grant, 1940-2019
Former Executive Director, Chairman of the Board of Directors,
donor and friend*

It was with great sadness that Hospice Kingston learned of Alan's sudden passing in November 2019. Hospice Kingston is incredibly grateful for Alan's leadership, guidance and compassion throughout many years.

He is dearly missed. Our community is a better place because of all he did for many.
